

Kind Cards Show Kind Hearts

Jessica Eimerman, Assistant Site Supervisor

Carmel Elementary has such kind and caring students. Recently, we asked our students to create cards for our brave soldiers. They were excited to share their gratitude and artistic abilities. Many of Carmel Elementary's students have parents, family, and friends that have served in the military. Some of the students talked about how they would like to join the military when they grow up. We hope that the soldiers enjoy our thoughtful cards and get a little smile from our student's sweet sentiments.

CE Students Voice Their Opinions!

Jessica Eimerman, Assistant Site Supervisor

At Carmel Elementary, we try to offer clubs that we feel that our students would enjoy. Every ten weeks, we offer a new set of clubs for the upcoming weeks. During the current ten weeks, our students have LOVED Silent Ball, Human Bowling, and the always popular: Color-Rama! We asked our students what they would love ESE to offer them for clubs for the next ten weeks, which will begin October 23rd. We have had our students write their ideas on slips of paper and place it in our ballot box. Pictured on the right is Z. Mey, a 5th grader, and he is sharing with the counselor how much he would enjoy a Computer Lab club.
