## West Clay Elementary

### **Project Linus, giving a little comfort to kids**

*Jess Ballinger , ESE Assistant Site Supervisor*

When you are a child and you are sick there are two things that make you feel better. Your mom and a nice blanket. The West Clay ESE program is trying to provide one of those comforts; a blanket.

We are collecting new handmade blankets or the materials to make new no sew fleece blankets. These materials will be taken to Project Linus. Project Linus is an organization that gives blankets to local children that are critically ill, traumatized or otherwise in need. If you would like to donate to this cause please contact us.

### **New Staff, New Point of View**

*Jess Ballinger, ESE Assistant Sit Supervisor*

*Our newest staff member at West Clay is, Martina Hall. She has been a wonderful asset to our team. This is what she had to say.*

*"I'm a bonafide people person and enjoy interacting with kids of all ages. I've been working with kids for almost 8 years as a nanny and PE instructor. I teach cardio and dance and have been teaching for 6 years.*
