Star Students of the Week April

By: Meagan Storms, Site Supervisor

Every month we have a new batch of Students of the Week; two from K-2 and two from 3-5. We recognize the four students each Friday at our RICHER ceremony. They get a button, a poster to decorate that is all about me, and they get to be the leader of the line anytime they can throughout the week.

End of the Year

By: Meagan Storms, Site Supervisor

It is the time again where staff and students alike are counting down the days until the end of the school year. Which such fun events as the Family Lip Sync Battle, Fifth Grade Talent show, Fifth Grade Graduation, the list goes on of all the things to look forward to between now and then.

Here at ESE, we are going to make the last days at Prairie Trace count. We will have an end of the year celebration on the last day of school and hope to make many more memories.

With school coming to an end, make sure that you have summer camp all planned out. There is still room at some of the camps, so be sure to talk to myself or Miss Barnard at the parent table to help. Have a great rest of the school year!
