Woodbrook Elementary

It's Duct Tape Time!

Daniel Keim, Head Facilitator

One of our popular craft clubs has been our Duct Tape Club! The students love creating unique items like wallets, flower pens, and clipboards from our extremely wide variety of patterned and colored rolls of tape. The club allows for each student's creation to be totally unique, and the results are pretty awesome! It has been a joy to see their creativity breathe life into something as mundane as duct tape. The kids always have a great time crafting their own special items, whether it be a birthday card or a fountain pen, or anything in between!

2017 (Senior) Send Off!

Christian Amaro, Assistant Site Supervisor

The time has come to bid goodbye to our 2017 fifth graders and our high school seniors! This group of fifth graders have been around throughout the years and have really enjoyed Woodbrook! The boys enjoy playing sports, being competitive, and also love reading! The girls of this group enjoy being creative and using their imaginations! It will be sad to see them leave, but we know they will do great things at Clay Middle next year! We will also be saying "Good Luck" to Miss Alfeld and Mr. Moon, as they will be graduating from Carmel High School in the next few days. Miss Alfeld will be attending Ball State University and Mr. Moon will be attending Indiana University. They will be with us throughout the summer at various camps.
