November 2017

## A 'Spooky Fall Festival' Thank You:

Thank you for supporting our after school program and allowing us to share a fun night with your families! We enjoyed decorating gooey caramel apple bites with chocolate chips, M&Ms, and sprinkles! We learned to walk like zombies during Graveyard Dodgeball and got wrapped up like mummies for a race!! We used our creative side to make some scary, goofy, and beautiful masks to wear! Miss Gillim's favorite was pumpkin painting! Everyone got their own pumpkin to paint anyway they liked. They were very colorful!! Those who left them at ESE decorated our office for the season! We had a spooky fun time this year at our Spooky Fall Festival and enjoyed all of you who joined us! We can't wait for next year!!

**SAVE THE DATE**

**Parents' Night Out**

**December 15th**

**6:00-8:00PM**

**Staying Healthy @ TME!** Washing hands, covering coughs, drinking water, and being active! We are showing we know how to stay healthy at Towne Meadow ESE! Our Jr. Leaders made signs and put them up around our school to show how to wash your hands properly! We also have our "'Get Active' club where we learn fun ways to be fit and active with Zumba, yoga, pound, and kick boxing!

What better way to show creativity than to give paper, scissors, and glue to the kiddos and say "create something"? We have a collage club where each week there is a different theme to create a masterpiece with only paper and glue! No markers, pens, or pencils allowed! We have to use our minds and hands to cut or tear the paper into shapes and glue them together to make objects, designs, and patterns that make a picture. What creative cats we have at Towne Meadow!
