

### Choosing Your Clubs!

*Alyssa Holsten, Site Supervisor*

Each site plan Carmel Elementary ESE has our student's vote on what clubs they most enjoy. Pictured to the left are some of our 3rd graders using our audience response cards. Each student had the opportunity to vote on what clubs they would like to see ran for our next site plan beginning in January.

After all the voting was complete, it seemed to be Noodle Hockey, Fuse Beads, Capture the Flag, and Painting were the most popular! We enjoy having the kids voice their opinions on clubs. This makes our students get extremely excited about what choices they will get to decide on in January!

### Introducing: CE's Junior Counselors!

*Jessica Eimerman, Assistant Site Supervisor*

Over the past month, Carmel Elementary has introduced the Junior Counselor program. We currently have 19 students from third through fifth grade. The Junior Counselors had to fill out and submit an application, obtain recommendation letters from parents and teachers, and were interviewed just like the Kid Counselors that they look up to. Some of the jobs they are assigned to are helping with snack and transitions, helping hand out homework materials and club supplies, and helping the Supervisors at the parent table. Our Junior Counselors have been enthusiastic to help and are truly doing an AMAZING job!
