## Mohawk Trails Elementary

### *Study Hard, Play Harder*

*Alison Barber, Assistant Site Supervisor*

Homework time may not be the favorite part of the day, but it is one of the most helpful. Whether it be because of students' sports practice, dance lessons, girl/boy scouts, or just that it will be nice not to have to do homework at home, this time at ESE counts. Here is what some students had to say:

*Why do you think it is important to do your homework at ESE?* "So that when we go home we won't have to do it. And so that our parents won't be mad at us. And we get to go to sleep early." ~ "It is important because you can spend time with your family later." ~ "So you don't have to do it at home." ~ "So you don't bug your parents."

*What is most difficult for you during homework time?* "Getting distracted." ~ "Math homework." ~ "Nothing really."

*What do you finish first?* "I finish my home links first." ~ "I finish my math homework because it is easiest for me." ~ "I finish my spelling first."

We have responsible students at Mohawk! They understand that they need to work hard to play hard.

### **While The Parents Were Away, The Games We Played**

*Alison Barber, Assistant Site Supervisor*

Parent Night Out, or *Games Galore, Fun, and More*, was a huge hit! We had carnival-style games, which cost one ticket to play, that could earn up to 10 tickets in return. Balloon Pop, Duck Pond, Grand Prize, and Tic Tac Toe were some of the popular games.

The prize table was epic! Most students won up to 60 tickets throughout the night. A small handful of students earned enough to buy the 75 ticket items. Fidget spinners cost 50 tickets. Slime, silly putty, and playdough were popular items as well.

Students ate pizza, had an opportunity to have their face painted, and may have also gotten tattoos. We look forward to our next PNO.
