

### May the Force be with You!

*Audrey Cooper, Site Supervisor*

In December, we had our once per semester Parent's Night Out. For this event, our program was open till 8pm at no extra cost! We had a Jedi Training Academy where our students mastered Jedi Mind Tricks, sped through an obstacle course, and practiced their lightsaber skills. We even had a guest appearance from Yoda and Rey at the Star Wars photo booth! Other activities that students could participate in include Lego drone building, Yoda and Chewbacca crafts, and watching the Lego Star Wars movies. In the obstacle course, students had to dodge lasers (red string), jump over hot lava and much more! Our next Parent's Night Out will be Friday, March 9th from 6-8pm.

### Painting with a Parent

*Audrey Coocer, Site Supervisor*

On Wednesday, January 31st—College Wood ESE will be hosting a special event, Painting with a Parent. Our own Katy Bradberry will be leading student/parent pairs through a guided canvas painting. This event will be free to any ESE student, but does require an RSVP to myself or Katy by January 25th. All painting skill levels are welcome, Ms. Bradberry has picked a design that students of any skill level can participate. We will only have enough supplies for those who RSVP, so make to sure to sign up! Though our event is titled "Painting with a Parent" - grandparents or guardians, etc. may also sign up to paint with their students. I am looking forward to this fun artistic evening where students can showcase their talents.
