

Sunshine Brings Smiles

Alison Barber, Assistant Site Supervisor

Indiana weather has kept us guessing recently...will it snow, will it rain, will we see the sun? Sunshine has been limited, but we have taken full advantage of any that we have seen.

Our *Let's Build Something* club took their supplies outside to play and soak up the sun all at the same time. Seen to the left, Wyatt W. and Logan N. made an impressive fort. They could choose to use legos, building straws, or varying sizes of wooden blocks to create their structure. Students in the *Tag You're Out* club enjoyed the sun and mild weather as well, as they played Band-Aid Tag outside. Whenever our students can be outside and get fresh air, there is a good time had by every one!

Mohawk Trails Cares About Reading

Alison Barber, Assistant Site Supervisor

For our awareness and community service project this semester, Mohawk Trails ESE learned about the importance of literacy in every day life. This is also something the school librarian focuses on in her classes. Students will now collect lightly used books and donate them to Indy Reads, an organization that focuses on that importance and making sure Indianapolis residents have access to books.

A representative of the Carmel Clay Public Library visited our program. The kids enjoyed a story and an activity on a Friday afternoon. It was encouraging to see their interest in this topic.

Mohawk Trails Elementary

Get Your Pencils Ready!

Mikayla Hazelwood, Kid Counselor

We have entered the last quarter of our school year. With that being said, we have introduced a whole new set of clubs. Pen Pals is one of our new clubs that the kids are SUPER excited about! We have paired up with two other ESE programs at others schools (Woodbrook and Towne Meadow). Between both schools we have had 35 students paired up with a Pen Pal.

Through Pen Pals each week, our students send and receive letters, crafts and even friendship bracelets. We are super excited to see friendships blossom and grow through our Pen Pals club!

Mohawk is Here to Help!

Mikayla Hazelwood, Kid Counselor

Along with our Pen Pal club, we have introduced a club called Make it Count. The goal of this club is to make an impact in our community! Our students have taken lead in different charities and organizations!

Currently, we are in our two weeks for Riley. For the next two weeks our club has set out supplies for the students to write a card to kids at Riley Hospital. The leads for these awesome weeks are Susan Vardanian, Norah Downey, Addie Smock and Elena Porter. With the help of our amazing students we WILL reach our goal and leave an impact in our community!
