

Valentines Day Dance 2018!

By: Valeska Simmonds FDE Site Supervisor

On February 14th 2018 FDE celebrated Valentines Day with a party and dance! Children enjoyed refreshments of cupcakes, cookies and drinks. They played games and won prizes, they made special Valentines crafts and of course they danced the afternoon away!

It was a great way to spend the afternoon with friends and family. During the dance our D.J. Mrs. Aiken made sure to throw out some valentine's themed prizes for our children to take home as a reminder of this special day.

Parents were invited to join in the celebration and many did! We truly enjoy having our parents come to our special parties and share the fun and excitement with their children. The Valentines Day celebration of 2018 will not soon be forgotten nor will the laughter and smiles of our kids! We hope you all had a wonderful and happy Valentines Day!

Community Service for a Great Cause!

By: Valeska Simmonds FDE Site Supervisor

Forest Dale ESE just completed their second community service project of the school year for a really great cause. It started with some students from Carmel middle school who wanted us to partner up with them on a donation drive for the Humane Society of Hamilton County.

Well it did not take much convincing to get our kids involved with this and we have had a great response from our ESE community! A big heartfelt thank you to all of you who took the time to bring in some much needed supplies to make the lives of our four legged friends a little easier.

We love when our kids demonstrate an awareness of the world around them and the way they respond to the needs of others even those that walk on four paws! Thank you again for making the community service project so successful! It is very much appreciated!
