

### ISTEP Extra Recess

*Jennifer Gray, Site Supervisor*

Who doesn't love recess? AT OPE ESE during the February ISTEP testing 3-5th graders were given an extra recess to help get the wiggles out! With the nicer weather, most of this time was spent outside on the playground. However, a couple of days students were given an opportunity to play indoors with things such as; Legos, building straws, cards, and board games. We know how demanding testing can be and we are happy to help relieve some of the stress for our students! Stay tuned for the April ISTEP testing as students being will get an extra recess again!

### Winter Crafts

*Jennifer Gray, Site Supervisor*

Our Winter Crafts club has been a major hit during Site Plan 2. This creative club runs every Monday from 4:30-5:30 with Miss Kinnett! This season students have created crafts such as Snowman Clothes Pin Craft, Polar Bear Popsicle Craft, Snow Storm in A Bottle Craft, and more! We love seeing students artwork and watching them proudly show their parents their finished project at pick-up! Coming mid-march we will have a Spring Crafts club on Wednesday's from 4:30-5:30 with Miss Kinnett as well. Students will create a variety of crafts all based around a Spring theme. We hope to see you there!
